Empowering the Nation's Soul

## Moulding Workshop (May 2012)

This project was linked to the fossil making commercialisation project and focused on new methods of developing superior casts for the commercial market. The workshop was held at the Ifa Lethu training centre and conducted by renowned fossil caster, Mr. Paul Olden of Silicone Concepts.

Funding by the National Lotteries Board at the Ifa Lethu Offices

Partnerships with Wits University, Silicone Concepts.

Deliverables:

- 12 youth from Mamelodi were trained in new fossil casting techniques.
- The work of Ifa Lethu received greater recognition within the Mamelodi Community which continues to entrust its youth in the care of the Foundation.
- Ifa Lethu succeeded in its mandate to focus on high end quality in the caliber of its commercialization work.
