

SCULPTURE WORKSHOP

This workshop was only opened to advanced trainees of Ifa Lethu's training programmes.

It provided a unique opportunity for participants to move their skills to a more sophisticated level by participating in the production of a new and much sought after art

form, and market-ready. Students also benefited from the expertise of South Africa's renowned sculptor, Louis Olivier.

The sculpture workshop was offered to young aspiring artists from Mabopane, Soweto, Hammanskraal and Mamelodi participants (total of 10). The sculpture workshop was held from 9 October 2010 until 30 October 2010 on Saturdays at Koedoespoort (Pretoria).

DELIVERABLES

- Participants modelled a figure in clay.
- Learned how to mould and cast clay.
- Participants produced a complete product that is marketable and sellable.

Lecturer

Louis Olivier - He participated in The Benchmark Think Project where RMB commissioned him to design a 6m concrete "floating" bench on the busy Rivonia Road in which the thinkers have grown to life size and visually function as bench supporters.

The workshop was generously sponsored by Founding Donor Diane Johnstone
